WELCOME FROM THE CHIEF EXECUTIVE

Thank you for your interest in The Complete Education Solution (TCES). We are delighted that you see us as a place where you want to work and feel you can have a positive impact and 'make a real difference'.

As we enter our 21st year, our Board of Governors and Commercial Board as well as our Senior Management Team are all proud of the success that TCES has achieved.

We want to look back at the past decade with pride over many accomplishments and successes, but we equally feel it is time to move forward into the next decade with a renewed energy and sense of purpose.

The education world is currently in flux and we recognise that there will be many challenges ahead in delivering the provision of high-quality education, health and care to some of the most complex and vulnerable children and young people in society in an ever-changing education market.

What has made our schools and services successful over the past two decades is a strong set of values, a clear function and purpose and an amazing staff team who epitomise and live these values daily.

We are particularly proud of their 'never give up' attitude which has ensured that we hold a very proud record over the past 20 years of never permanently excluding a single one of the 3000 plus pupils we have worked with.

We are privileged to work with such gifted and talented pupils, and success for our pupils at TCES is multi-faceted. If our pupils leave a TCES school with a wide range of qualifications and accreditations based on

their hard work and abilities, and can foster a positive sense of lifelong learning, then we can feel a real sense of achievement.

However, more than that, a significant part of our roles at a TCES school is that we must help our pupils when they leave us to make and sustain long term appropriate relationships and to have an ability to manage in future groups at work, training or further education.

Thank you for your interest in TCES. Together with our colleagues, we look forward to meeting and interviewing motivated candidates interested in taking on this important and exciting new challenge.

Please ensure that in your application you detail how your knowledge, skills and experience address the criteria listed on the person specification and job description. You may give any evidence either in the personal statement section of the application form or in a separate letter.

We look forward to hearing from you.

Yours sincerely

Thomas Keaney
Chief Executive &
Chair of
Governors

TCES THE COMPLETE EDUCATION SOLUTION
CREATING UNIQUE JOURNEYS FOR LIFE AND LEARNING

OUR VISION

Our vision is to be recognised as experts in delivering therapeutic education, health and care solutions for children and young people with complex and additional needs, who have not been able to succeed in mainstream education.

By creating positive opportunities and removing barriers to learning, we strive to enable our pupils to build on a platform for life-long learning and educational success.

OUR MISSION

We run independent schools for pupils with unique potential. Our highly skilled multi-disciplinary teams transform pupils' perception of their own skills, strengths and abilities. We deliver an industry leading combination of education, health and care that takes each pupil on an individual journey that encourages a love of learning and long-term success.

OUR CURRICULUM

UNIQUE CURRICULUM DESIGN: 5 PART CURRICULUM

The curriculum addresses the disadvantages and disruptions to each pupil's previous experience of education and enables them to negotiate individual pathways from social isolation to independence.

All pupils have access to the TCES 5 part curriculum. This has been built on our community values and aims to ensure that all pupils go on to be successful learners, confident individuals, responsible citizens and independent adults.

Within this structure, schemes of work, medium term planning and lesson plans are all differentiated to meet the individual needs of each pupil. Outcomes are adjusted appropriately, as are the accreditations and qualifications that pupils are working towards.

SCHOOL SPECIALISMS

Each TCES school and service specialises in Leadership, via our Young Leaders programme and LIFE Programme initiatives, and the Arts.

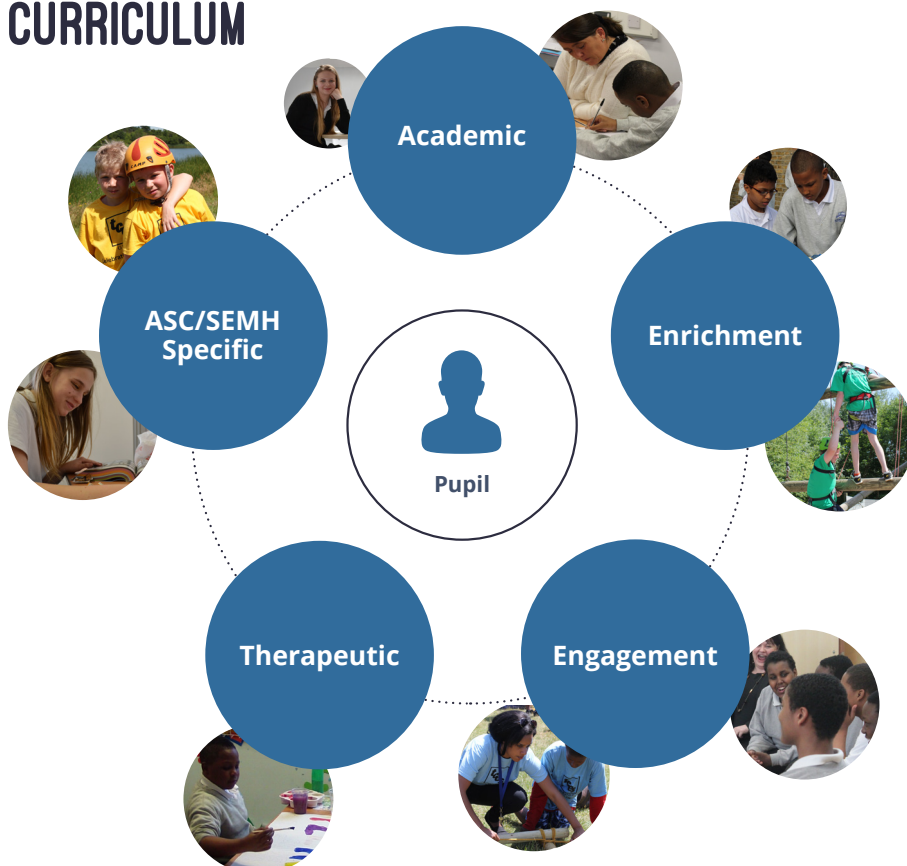

TCES North West London recently received the Platinum ArtsMark accreditation and our other schools and services are working towards this.

North West London Ofsted

GROUP PROCESS

Our schools hold twice-weekly 'group process' sessions for pupils, in which they meet to discuss a wide variety of topics, including knife crime, LGBT rights, bullying and cultural diversity. Every pupil is encouraged to share their views in a respectful, neutral environment and the sessions often end with the pupils having gained a greater understanding and increasing acceptance of each other's views.

Discussions can be about issues that are in the news, however, frequently they will relate to certain attitudes that have been observed in the school that we would like to change.

When this is the case, pupils are encouraged to think in a solution-focused way about how we might resolve the issue. Pupils then lead the discussion, guided and supported by staff who ensure everyone's opinions are acknowledged and respected, and that everyone feels safe enough to participate.

The sessions have proved to be very effective in building a sense of community, and feedback from external agencies who have observed our group process sessions in action has also been extremely positive. Local authority officers have described this whole school group approach as "unique", and "a model of excellence".

THE 'GROUP PROCESS' SESSIONS, WHICH ALL PUPILS ENGAGE IN DURING THE WEEK, MAKE A STRONG CONTRIBUTION TO PUPILS' OUTSTANDING PERSONAL DEVELOPMENT.

East London Ofsted report, 2018

INCLUSION QUALITY MARK

TCES is uniquely driven by a principle of real inclusiveness in our school community, where all pupils and not just the most able are a vital part of promoting diversity and the breaking down of all stereotypes that could create division.

This focus on inclusion has resulted in two of our schools (TCES East London and TCES North West London) already being awarded the Inclusion Quality Mark (IQM).

PUPIL VOICE

Our 20 years of experience has shown us that the often-unnoticed pathway to removing barriers to learning and increasing self-esteem and success lies within the pupils themselves.

By empowering our pupils, who so often feel marginalised, we can help them to actively shape their own lives and ongoing education as positive citizens and take an element of control over their futures. We therefore allow our pupils to discover their own voices by giving them a real voice to begin with, that they know will be listened to.

All pupils are given the opportunity to join their school's Student Council, through a series of election

campaigns, presentations, interviews and voting. Our Student Council members are encouraged and trained to develop their skills and fulfil their roles to the very best of their potential. Through this process, they learn about the power of democracy, working together, socially appropriate conduct and most importantly, how hard work and using their voice can get results.

We believe that for our pupils, having their voices really listened to instils a sense of responsibility and pride, not only within their school, but within themselves. The benefit to TCES is that we are truly able to develop our services with the pupil at the centre of everything we do.

YOUNG LEADERS

We believe that the often difficult and sometimes traumatic upbringing of many of our pupils instils in them strengths and talents that, if channelled properly, will lead inevitably to different aspects of leadership.

Because of this belief that every child or young person is a potential young leader, the leadership element of our LIFE programme offers every pupil, throughout their education with us, opportunities to learn to lead themselves before progressing to leadership positions around their school.

LIFE PROGRAMME

Our LIFE programme leads to qualifications, roles and experiences in Leadership, Independence skills, Future Options, and Empowerment.

In addition to the active Student Council roles in each school, these might include:

- Sports ambassador
- Anti-bullying ambassador
- Peer mentor
- Environmental officer
- Charity ambassador

Pupils benefit from support in each role and are empowered to inspire and motivate themselves and others to effect positive change.

PARENT VOICE

We recognise that the empowerment of parents through real parental voice and engagement can be a very effective way to form a strong school community.

Through being welcomed into the school, having their voices heard and being encouraged to actively participate in all elements of their child's school life, our parents and carers benefit in ways that they have often not experienced in previous settings. They find that they themselves develop peer groups of like-minded people who completely understand the challenges that parents and carers of SEND children face on a daily basis. Many of our parents and carers have expressed how vital this support network alone is for them.

In addition to this, we offer parents and carers the opportunity for their own training and development workshops, with topics agreed through ongoing parent consultation. Sessions have included 'Gang and Knife Crime awareness', 'Understanding your Child's Education, Health and Care Plan', and 'Speech and Language tips for the home'.

Every TCES school and service has an active Parent Council in place. Members are encouraged to have a real say in the direction of the school; reviewing school policies, helping to fundraise, assisting in school events and joining the interview panel for new staff.

We believe that, by giving parents and carers the opportunity to become fully embedded within our schools, we have much stronger school communities and much happier parents, carers and pupils.

“

Time has definitely flown and my son is a completely different person from the one that enrolled. I have so many positive things to say about this school. The one thing I will always say is that this school has helped me and my son so much - endless support and positive vibes no matter how big or small my dilemma or question.

“

My son was so excited to have me witness his assembly. He loves that I am involved in the school.

“

I think being involved with the school helps my son to see that we work together. I think it really does help.

“

It's really good that parents can join assemblies to celebrate their child. The change in my daughter has been great because she can see I am interested.

“

They care about you in this place, sometimes I feel they care about you more than you care about yourself.
