

Going Outside

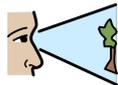

I  like going  outside. It is  safe for me  to go  outside.

Things are a little bit  different  now when I go  outside.

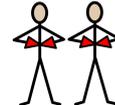

I may  now wear a  mask and  gloves, but I may also  see

many other people wearing masks and gloves too.

This is okay to see, because I know that we are all

keeping safe.

I can still go to the park and the shop like before.

I like going outside. I know it is safe to be outside.
