 Sometimes  people  catch the  flu,  most people  get better  after

 they  rest  at  home.

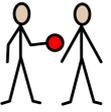

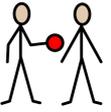

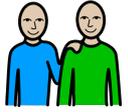

The coronavirus is  just a  flu,  most people  will  get better.

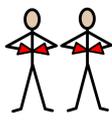

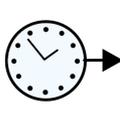

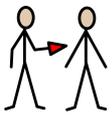

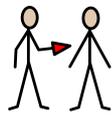

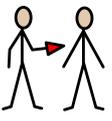

If  you  have a  cough  you  and the  people  you  live

 with  will  need to  stay at  home  for 14 days,  even  after

 your  cough  has  finished.

 You  have to  stay at  home  for 14 days  so  that  you  dont

 make  your  friends  and  others  ill.

 We  will  phone  you  to  ask  how  you  are  if  you

 have to  stay at home.

 Some  schools  are  closing  because of the  virus.

 Our  school  will  stay  open  at the moment.

 If you  have  any  questions  about  the virus  or  you are

 worried  about  the virus,  please  talk to  us.

 We  want  everyone  to feel safe  and  will  try  to  answer

 all  the questions  you  have.
